

Our Program

Harborcreek First Presbyterian Church Preschool and Pre-Kindergarten Program is quite unique! Our students (ages three, four and five) all attend school at the same time but are assigned to age-appropriate homerooms.

Each of our instructors specializes in a different part of our curriculum based on her own area of expertise:

1. language arts, phonics, pre-reading skills, Kindergarten readiness skills & math skills;
2. music, science, social studies & library;
3. large motor skills, manners & introduction to Spanish;
4. art & small/fine motor skills.

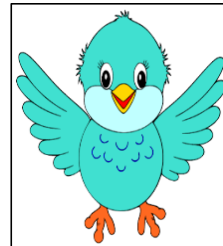

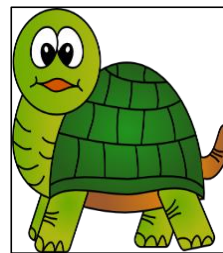

The children remain in their assigned homeroom but the teachers change rooms every half hour throughout the day (somewhat similar to a high school—but in a preschool setting). The time goes by very quickly, and the children have the opportunity to learn from a number of well-qualified, experienced, and dedicated adults.

Our Purpose

Our goal is to provide your child with a unique program of various age-appropriate experiences, where he/she will have the opportunity to develop socially, emotionally, intellectually, physically, and creatively – all at his/her own pace. We offer a warm and caring structured environment. We limit our class size to 10 – 12 students per homeroom in order to best meet your child's needs.

Our Preschool (housed in a separate building behind the church – directly across from the Kwik-Fill gas station on Buffalo Road) has proudly served this community for well over 40 years!
