## Alternative Financial Aid Programs Available to Congregations (As of 4/8/2020)

### **State of Maryland Programs**

The State of Maryland has started efforts to alleviate financial strains on small businesses.

Churches in Maryland may apply for assistance through what is called "The COVID-19 Layoff Aversion Fund." This assistance is in the way of loans and grants through the Maryland Department of Labor and the Maryland Department of Commerce.

#### More information can be found here:

http://www.labor.maryland.gov/employment/covidlafundpolicy.pdf and here https://commerce.maryland.gov/fund/maryland-small-business-covid-19-emergency-relief-grant-fund. If you apply, you should receive a decision within 48 hours if your request has been granted or denied. If you are denied. Please contact me at dshank@demdsynod.org so that I can follow-up with the State to clarify - especially if your request is denied because you are a religious-based organization.

Also, in addition if your church has a school, pre-school, or community based ministry that is a small business or 501.c3, please consider applying for these financial resources to aid in any financial hardship that they may be experiencing in addition to applying for aid for your congregation.
